

It ain't nuthin but a she thing, yeah

It ain't a man's world  
You go, girl! No more sugar and spice  
It ain't a man's world, no more sugar and spice

1-It's a she thing and it's all in me  
I can be anything that I wanna be  
Don't consider me a minority  
Open up your eyes and maybe you'll see  
It's a she thing and it's all in me  
I can be anything that I want to be  
Don't consider me a minority  
Ladies help me out if you agree

2-It ain't nuthin' but a she thing  
(say it proud)  
(say it loud)  
(on the rise)  
(better recognize)

Now I can bring home the bacon and fry it in the pan  
Never let you forget that you're a man  
Cuz I'm a W-O-M-A-N  
That's what I am doin' all I can  
The thing that makes me mad, and crazy, upset  
I gotta break my neck just to get my respect  
Go to work and get paid less than a man  
When I'm doin' the same damn thing that he can  
When I'm aggressive then I'm a bitch  
When I got attitude you call me a witch  
Treat me like a sex object that ain't smooth  
Underestimate the mind Oh yeah, you a fool  
Weaker sex? Yeah, right! That's a joke  
Have you ever been in labor? I don't think so, nope  
I'm a genuine feminine female thing  
Can ya hang? Ain't nuthin but a she thing  
(rpt 1, 2)

On the reel I'm a female doing what I feel  
Put me to the test yes I will get ill  
Sensitive and sweet deal and all that good stuff  
When it's time to get rough baby I'm rough enough  
Ain't afraid to show how I feel down deep  
Compassionate but don't underestimate me  
I'm intelligent, wise, complicated being  
With the instinct to dream and believe in the dream  
Family's first before anybody else  
Take care of them before I take care of self  
I'm a genuine feminine female, thank you  
Ya hang, ain't nuthin' but a she thing

(rpt 2)

You got to understand it's a she thing  
We got the power yeah and you know the deal  
So you go girl, it ain't no man's world  
You can do anything do what you feel

Excuse me, hold up, pep got the floor  
Give your props to the strong  
Women layin' down the law  
Taking control of the rules in their life  
Standing up pretending all the wrongs to the right  
I like to give a shout out to the mammas out there  
Bringing up the babies with the tender loving care  
You're in charge of the future of the nation  
Do the right thing, lay the foundation  
To all the single mothers Salt-N-Pepa said  
Keep your head up  
I know it gets hard sometimes but never let up  
You're a genuine feminine female thing  
Can ya hang? Ain't nothing but a she thing  
(rpt 1, 2)

Now let me break it down to the marrow of the bone  
I'm a female and I got it goin' on  
Don't be fooled by my s-e-x  
It ain't that simple, I'm more complex  
We've come a long way and baby that's a fact  
Let's keep moving forward, girls never look back  
Fight for your rights stand up and be heard  
You're just as good as any man believe that, word!
