

[Brandy]

Oh yeah ooh yeah

I would like to get to know if I could be

The kind of girl that you could be down for

Cause when I look at you I feel something tell me

That you're the kind of guy that I should make a move on

[Mc Lyte]

Yeah I get exotic with tha malotic tune I get hypnotic with tha room

but you got to put me down soon I flip a sideshow

if you come my way up down and around even sideways

I'm about as ready as the Lyte can get we can go all out

I ain't afraid of the sweat but yet I bet you got the techniques

to freak a girl inside out what's that all about(oooh yeah)

Can I have some of that you got to put me on word around town

is your nine men strong I wanna be put on in tha worst way since

the first day I think it was a Thursday (oh baby) you be that brother

that I wanna sink my teeth in make me wanna ask where tha hell you been

I like the way you be with all that personality but I got flava too you needs  
to get with me

[(chorus):Brandy]

I wanna be down

With what you're going through

I wanna be down

I wanna be down with you

No matter the time

Of day or night it's true
