

Positive K: Ah, what's up, baby? I've been eyein' you, time and time again.

I've been trying to get a little closer but you won't let it

MC Lyte: Well, if I see somethin' I want, I just go out and get it

I'm like a floosey, I'm choosey, I don't fall for tricks

'cos guys be wanting games like the New York knicks

Positive K: But on a square dere, you know your style really tempts me

MC Lyte: Don't try to gas me up on a tank that's empty

Positive K: I'm positive, that I'm kicking it fast

MC Lyte: Well I'm Lyte and you got to kick it better than that

Positive K: But I'm all the way live but I'm definitely not grabbin'

MC Lyte: It's just certain things I'm simply not having

Positive K: Excuse me, Miss?

Positive K: Well, I'm smooth,

and hey look, it's only right I thought that

we can get together and maybe we can (romantic music sample)

MC Lyte: Yeah, sounds good

But guys like you just wanna hit and run

We're not the two and I'm not the one

So if you got some thoughts about takin' me to bed

Kill that and get a five dollar crack head

Positive K: But I'm all the way live but I'm definitely not grabbin'

MC Lyte: It's just certain things I'm simply not having

Positive K: Excuse me, Miss?

MC Lyte: No, I'm not having it. (3x)

Positive K: Excuse me?

Positive K: I think you tryin' to diss me or play me like I'm booeey

MC Lyte: No, matter a fact, love, I think that you're a cuty

Positive K: It's just certain things, you don't understand, baby

Every woman wants to be treated like a lady

Positive K: So what? You want me to kick it as if I'm a duck?

MC Lyte: Listen to what I'm saying and shut the fuck up

I'm just tryin' to put it so I can make somethin' happen

You just turn me off by the way that you was rappin'

Positive K: Look, I'm all the way live but I'm definitely not grabbin'

Me change for a woman, that's what I'm not having [...]
